April 9th, 2018

Rev Fr Stefan Hippler, Founder and Chairperson of the HOPE Cape Town Trust and Board Member of HOPE Cape Town USA was invited by Emeritus Professor William Chafe to deliver a presentation at Duke University on April 9th. The large audience that gathered in the Old Chem building was both mesmerized and inspired by the discussion entitled PROJECT HOPE – FIGHTING INEQUALITY IN A FRAGMENTED SOCIETY.

HOPE Cape Town looks forward to hosting professor Chafe and students of the Duke Foreign Service Program for three weeks in July when they will volunteer their services to a variety of non-profit organisations and community-based projects in Cape Town, South Africa.
